Our vision
A future where all people of every age across the UK who can benefit from our support are able to access our volunteers and their pets to improve their quality of life.

Our mission
- To promote the value of interaction with pets and the benefits of volunteering to support the recruitment of new PAT Teams.
- To provide efficient assessment and effective support for PAT Teams to maximise engagement.
- To work in partnership with registered establishments to enable easy access to our PAT Teams.
- To raise the funds we need to deliver our vision, inspired by the individuals and families at the heart of the organisation – our volunteers and the people they help.

• Thousands of people of all ages benefit every week from PAT Visits.

• Our PAT Volunteers and their animals are providing companionship often at a time of isolation or challenge. They are enabling people who have had a pet to connect again with an animal. PAT Visits are getting children, sick people and the elderly talking when they are struggling to communicate. What is more they improve self-confidence and social interaction.

• The positive impact of our PAT Team is not only on the people being visited but also on wider family and friends, and the community where they are.
WE NEED YOU!

“We are a fully self supporting charity - we rely solely on the hard work of our volunteers and the generosity of fundraisers like you!”

HENRY & MAGGIE

At the beginning of term, staff were asked if they had any children in their class who they thought might benefit from reading to, and meeting Henry, a PAT dog who comes into school every Thursday...

Jamie was declared last year to be ‘essentially mute’ and having extreme low self esteem, showing no pride in his work and no belief or expectation that what he had to contribute was important in class discussion or written work...

When asked if he would like to meet Henry, his response was a whispered ‘no thank you’ but he was persuaded when he realised that other children were desperate to take his place!

On his first visit to Henry, Jamie read his entire reading book without error and in an audible voice.

hat followed progress has been exceptional. Jamie now looks forward to seeing Henry and produces a piece of work to show his new friend. His reading and writing have both improved dramatically and he will now actively contribute ideas and is thrilled when he praised and valued.

Much work needs to be done before Jamie is fully engaged and making the progress he is capable of, however, despite various past interventions, nothing has come close to reaching Jamie. He is still a very quiet and unsure little boy but this wonderful charity has done so much for him.

5. If you are considering holding a public collection as part of your fundraising, then you may need a collection licence from your local authority. If so, then you will normally need to apply at least one month in advance of the collection day.

6. Lotteries involve people paying to participate for the chance of winning a prize. When an element of skill is involved it then becomes a competition which attracts fewer restrictions. There are 2 types of lottery (otherwise known as a raffle), that you could hold on behalf of Pets As Therapy:

**INCIDENTIAL NON-COMMERCIAL LOTTERIES**

a. Sometimes known as a ‘tombola’, these are very easy to run where the raffle is not the main focus of the event but part of a larger whole. In this case a licence is not required but there must be no cash prizes and the tickets sales and announcement of the results must be carried out during the event itself. A limit of up to £500 can be spent on buying prizes however there are no limits on the value of donated prizes.

**SOCIETY LOTTERIES**

b. Your raffle must be registered with the local authority if tickets are sold over a period of time prior to the draw taking place. A named promoter should be nominated to take responsibility and if the ticket sales exceed £20,000 then you must register with the Gaming Board.

Lotteries are governed by many rules and we recommend you speak with your local Licensing Authority for advice before organising one.

Visit www.gamblingcommission.gov.uk website for latest advice.
